# Features of CCH Audit Standard include:

# Private Company Audit System

Provides everything required to fulfil audits compliant with the latest International Standards on Auditing. Contains full guidance notes for the auditing of private companies together with a Microsoft Excel-based audit programme generator, an illustrative case study and an audit exempt section.

# • Efficient Auditing of Private Companies

Ensures you carry out audits in compliance with the new Clarified ISAs more costeffectively. Authored by SWATuk it contains practical information drawn from real-life experience to help you contextualise your audits.

# • Audit Compliance Manual

With guidance on office procedures and how to keep accurate records, coupled with specimen documentation on areas including regulated audit work, money laundering and technical standards, this is the essential choice for professionals who need to comply with their professional body audit regulations.

# This package also includes:

# Clarified ISAs Webinar

Providing users of the Private Company Audit System with guidance on how to effectively use the Excel-based programme generator for a more efficient audit and on how the programme has changed as a result of the introduction of the Clarified ISAs.

## Features in addition to CCH Audit Standard include:

# • Practical Audit and Accounts Programme

Ideal for auditors of charities, clubs and pension schemes and designed to be integrated with any standard audit system. Includes specialist documentation, disclosure checklists, example letters and reports.

# Client Money Programmes

Designed for auditors working with businesses holding client money. Enables efficient auditing of estate agents, solicitors, insurance brokers, surveyors, conveyancers and employment agencies. Includes guidance on relevant legislation.

# Engagement Letters Toolkit

Contains a wide range of engagement letters covering all areas of accountancy practice that can be downloaded, edited and saved on screen. Includes a letter generator for the most commonly used letters to allow quick and efficient completion of correspondence.

#### Charities Assurance Toolkit

Provides everything needed for the preparation and audit of charity accounts. Updated for the requirements of the Charities Act 2006, this toolkit includes extensive work programmes, model files for reference with quick print capability and an information library containing standards, the charities SORP and relevant legislation.

### • Interactive Company Accounts Disclosure Checklist

Enables quick and efficient tailoring of checklists to ensure the correct disclosure requirements are identified for each company. This powerful Microsoft Excel-based application provides on-screen guidance, legislative references and the ability to track problem answers. The quick print facility means forms can be printed for hard-copy use.
